

# We want to make our hospital better: can YOU help us?

Please start by telling us which part of the hospital you are in

I am in.....

**What do you think about these questions:**

**What would make it better?**

Does this place look nice and friendly?

Has anyone shown you around?

Are there things available, in this place, that you like to do?

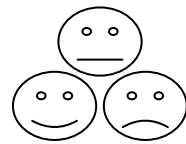

Does this place feel right for your age?

Do the people who work here talk with you?

Is there somewhere to be on your own and quiet if you want to?

Is there somewhere to do stuff with other young people if you want to?

**What do you think about these questions:**

**What would make it better?**

Is there enough space for your family and friends?

Can you choose what you watch on TV?

Can you choose whether you have your light on or off?

Can you go somewhere else to chill out when you want to?

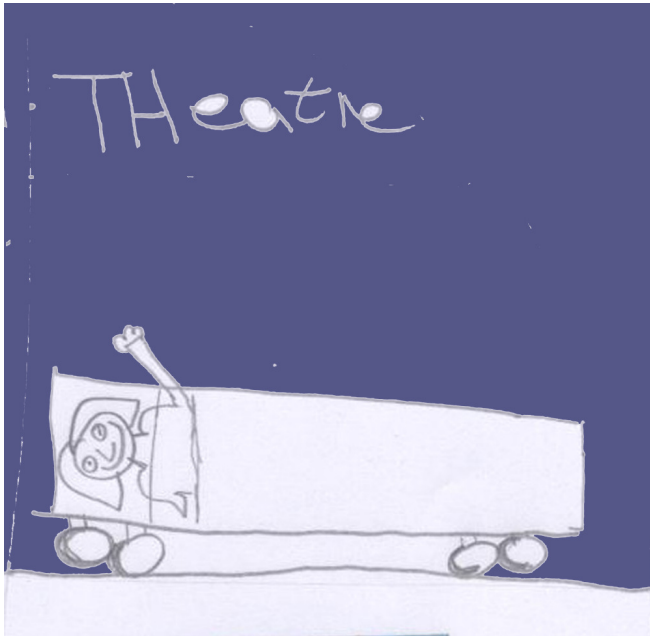

Can you easily keep in contact with friends and family?

Can you store your things ok?

Can you make your space feel like your own?

Is this place ok for you at night?

Is there anything else you would like to tell us about this place?

**Thanks for your help!**
